Dear FCC,

I would like to bring to your attention that we listen to the radio station K-LOVE quite a lot, as do many other people in the city of Chico. The announcers on K-LOVE let us know of events happening in our community, which is very helpful to us. They are a very positive, cohesive agent among us here, and we would really not like to see their programming displaced by other programming. I have never heard another radio program as positive and encouraging as K-LOVE, and believe that their message and music has a very good impact on listeners. Many times as I'm out in the public, I hear K-LOVE playing from other cars and in coffee shops, etc., and it's always uplifting.

Please consider our comments and do not allow K-LOVE to be displaced by LPFM stations.

Respectfully submitted,

Patty Gibson
